TO: Joint Committee for Plastics and Plumbing
FROM: Bob Powitz, Chairperson of the Joint Committee
DATE: September 19, 2014
SUBJECT: Proposed revision to NSF/ANSI 24-2010, Plumbing System Components for Recreational Vehicles (24i8r1)

On behalf of Christie Shields and Liz Kelley, Issue proponents, the ballot for NSF/ANSI 24, issue 8, revision 1, normative references has been recommended to be sent to the Joint Committee for consideration. Please review the proposal and return your ballot by the ballot due date of October 10, 2014 via the online workspace (http://standards.nsf.org).

When adding comments, please identify the section number/name for your comment and add all comments under one comment number where possible. If you need additional space, please upload a word or pdf version of your comments online via the browse function.

Purpose

The purpose of this ballot is to update the normative references and reference years in NSF/ANSI 24.

Background

The issue was presented at the 2013 and 2014 JC meetings and motioned to ballot. This combines both issue papers to address normative reference updates in one ballot.

Public Health Impact

This ballot will have a positive impact by updating the references to most current practices.

If you have any questions about the technical content of the ballot, you may contact me in care of:
