

NSF Standard(s) Impacted: Standard 2

Background:

Provide a brief background statement indicating the cause and nature of concern, the impacts identified relevant to public health, public understanding, etc, and any other reason why the issue should be considered by the Committee. Reference as appropriate any specific section(s) of the standard(s) that are related to the issue.

Section 4.7 states:

4.7 Sealants

Sealants shall meet the requirements for the zone of intended use and shall only be used as permitted in 5.4.4 and 5.5.2.

There is also a reference for an acceptable use of sealants in paragraph 5.32.

This update should also be applied to Standard 59.

Recommendation:

Clearly state what action is needed: e.g., recommended changes to the standard(s) including the current text of the relevant section(s) indicating deletions by use of ~~strike-out~~ and additions by highlighting or underlining; e.g., reference of the issue to a Task Group for detailed consideration; etc.

4.7 Sealants

Sealants shall meet the requirements for the zone of intended use and shall only be used as permitted in 5.4.4, ~~and 5.5.2~~ and 5.32.

Supplementary Materials (photographs, diagrams, reports, etc.):

If not provided electronically, the submitter will be responsible to have sufficient copies to distribute to committee members.
