Straw ballot for class I and III cabinets:

1. Do you feel that the JC should develop changes to Standard 49 that include a enhancement of the definition of Class I cabinets, type testing, and field testing procedures?

2. Do you feel that the JC should develop changes to Standard 49 that include a enhancement of the definition of Class I cabinets, field testing procedures, but no requirements for type testing?

3. Do you feel that the JC should limit this activity to enhancing the definition of Class I cabinets?

4. Do you feel that the JC should develop changes to Standard 49 that include a enhancement of the definition of Class III cabinets, type testing, and field testing procedures?

5. Do you feel that the JC should develop changes to Standard 49 that include a enhancement of the definition of Class III cabinets, field testing procedures, but no requirements for type testing?

6. Do you feel that the JC should limit this activity to enhancing the definition of Class III cabinets?
