Introduction

M. Milla took attendance, read the anti-trust statement, and noted a quorum was not achieved.
B. Powitz called the meeting to order.

Key Summary Points

1. Review Proposed New Terms / Definitions

M. Milla walked the group through proposed new terms and definitions that had come up in task group and other discussions since the [2021 edition](#) was published.

The group provided input and suggestions on each definition, as recorded with track changes in the [updated file](#).

Action items:

- Group to consider different term for “microbiologically non-potable”
- Group to consider adding definition for performance indication device (PID) as assurance of continued performance (ACP); would require first balloting how PID is defined in 53
- M. Milla to check with RO Efficiency TG co-chairs on tank/tankless systems definitions
- M. Milla to convert track changes version into [ballot format](#) for review in next meeting

The meeting was adjourned.

- M. Milla to issue Doodle for late April call
