

Joint Committee on Drinking Water Additives – System Components

Draft Meeting Summary

NSF International, Ann Arbor, Michigan

December 4, 2014

This document is part of the NSF International Standards process and is for NSF Committee uses only. It shall not be reproduced, or circulated, or quoted, in whole or in part, outside of NSF activities, except with the approval of NSF.

V Revisions Affecting Multiple Sections

B. Chlorine terminology (DWA-61-2014-2)

Motion: R. Sakaji motioned to ballot the proposed language as written. M. Morrison seconded the motion.

Discussion: P. Greiner suggested that NSF/ANSI 61 be clarified throughout the document to state that “free available chlorine” is used in the exposure water as opposed to simply “chlorine.” There was no further discussion.

Vote: All in favor.

Motion passed.
