Purpose

The purpose of the changes with regards to training requirements is to clarify the language in the standard and remove duplicative language.

Background

Current verbiage and similar language located in different sections can lead to confusion and misapplication of requirements.

All GMP training requirements for new hires and personnel are consolidated in Section 4.4.30.

Section 4.4.31 is removed since the requirements are already covered in Section 4.4.29.

Language in Section 4.4.32 is updated to clarify the requirement.
