

TO: Joint Committee on GMP for Cosmetics
FROM: Angela Diesch, Chair of the Joint Committee
DATE: February 2, 2024
SUBJECT: Proposed revision to NSF/ANSI 455-3 – *Good Manufacturing Practices for Cosmetics* (455-3i40r1)

Revision 1 of NSF/ANSI 455-3, issue 40 is being forwarded to the Joint Committee for consideration. Please review the proposal and **submit your ballot by February 23, 2024** via the NSF Online Workspace <<https://standards.nsf.org/home>>.

Please review all ballot materials. When adding comments, please include the section number applicable to your comment and add all comments under one comment number whenever possible. If you need additional space, please use the attached blank comment template in the reference documents and upload online via the browse function.

Purpose

The proposed revision will update registration requirements to include products.

Background

Congress passed the Modernization of Cosmetics Regulations Act in December 2022. By this year's end (2023) products sold in the US will require registration and listing. This issue proposes to keep the standard and ARG in compliance with US law, while retaining the wording "where required" to ensure the standard remains useful internationally where product listing may not be required.

If you have any questions about the technical content of the ballot, you may contact me in care of:
