

INFORMATION PAPER

An information paper is a document to share information, research, or other news that would be of interest to the relevant Joint Committee. Anyone stakeholder can submit an information paper at any time. An information paper does not go to ballot but may be motioned to be resubmitted as an issue paper if appropriate. The Joint Committee Chair will determine which of the following options is most appropriate:

- *the information paper requires more work from the submitter before distribution;*
- *the information paper may be circulated to the Joint Committee for review; or*
- *the information paper will be added to the agenda of the next face-to-face meeting.*
