Biosafety Cabinetry

NSF/ANSI 49 – 2019: Biosafety Cabinetry: Design, Construction, Performance, and Field Certification .................................................. $165
Addenda to all Biosafety Cabinetry Standards (each) ....................................................................................................................... $45

Dietary Supplements

NSF/ANSI 173 – 2020: Dietary Supplements ........................................................................................................................................ $165
NSF/ANSI 321 – 2016: Goldenseal Root (Hydrastis canadensis) ........................................................................................................ $25
Addenda to all Dietary Supplements Standards (each) ....................................................................................................................... $45

Drinking Water Additives

NSF/ANSI/CAN 60 – 2019**: Drinking Water Treatment Chemicals – Health Effects ................................................................. $325
NSF/ANSI/CAN 61 – 2020**: Drinking Water System Components – Health Effects ................................................................. $325

(NSF/ANSI/CAN 600 is included in the purchase price of NSF/ANSI/CAN 60 or NSF/ANSI/CAN 61)
NSF/ANSI 223 – 2015: Conformity Assessment Requirements for Certification Bodies that Certify Products Pursuant to
  NSF/ANSI 60: Drinking Water Treatment Chemicals – Health Effects ........................................................................................ $55
NSF/ANSI 372 – 2016: Drinking Water System Components – Lead Content ..................................................................................... $55
Addenda to all DWA Standards (each) ................................................................................................................................................. $45

Drinking Water Treatment Units

NSF/ANSI 42 – 2019: Drinking Water Treatment Units – Aesthetic Effects ........................................................................................ $165
NSF/ANSI 44 – 2018: Residential Cation Exchange Water Softeners .................................................................................................. $165
NSF/ANSI 53 – 2019: Drinking Water Treatment Units – Health Effects .......................................................................................... $165
NSF/ANSI 55 – 2019: Ultraviolet Microbiological Water Treatment Systems ..................................................................................... $165
NSF/ANSI 58 – 2019: Reverse Osmosis Drinking Water Treatment Systems ..................................................................................... $165
NSF/ANSI 62 – 2020: Drinking Water Distillation Systems ................................................................................................................. $165
NSF/ANSI 244 – 2019: Drinking Water Treatment Units – Supplemental Microbiological Water Treatment Systems – Filtration .................................................................................................................. $165
NSF/ANSI 330 – 2019: Glossary of Drinking Water Treatment Unit Terminology ................................................................................ $0
NSF/ANSI 401 – 2019: Drinking Water Treatment Units – Emerging Compounds / Incidental Contaminants ................................. $165
Addenda to all Drinking Water Treatment Units Standards (each) .................................................................................................... $45

** This Standard is also available in a French translation.
**Food Equipment**

NSF/ANSI 2 – 2019: Food Equipment................................................................. $105
NSF/ANSI 3 – 2019: Commercial Warewashing Equipment ........................................ $105
NSF/ANSI 4 – 2019: Commercial Cooking, Rethermalization and Powered Hot Food Holding and Transport Equipment ................................................................. $105
NSF/ANSI 6 – 2018: Dispensing Freezers ............................................................... $105
NSF/ANSI 7 – 2019: Commercial Refrigerators and Freezers ........................................ $105
NSF/ANSI 8 – 2018: Commercial Powered Food Preparation Equipment ....................... $105
NSF/ANSI 12 – 2018: Automatic Ice Making Equipment .............................................. $105
NSF/ANSI 18 – 2016: Manual Food and Beverage Dispensing Equipment ....................... $105
NSF/ANSI 20 – 2020: Commercial Bulk Milk Dispensing Equipment .......................... $105
NSF/ANSI 21 – 2019: Thermoplastic Refuse Containers ............................................. $105
NSF/ANSI 25 – 2017: Vending Machines for Food and Beverages ................................ $105
NSF/ANSI 29 – 2017: Detergent and Chemical Feeders for Commercial Spray-Type Dishwashing Machines ................................................................. $105
NSF/ANSI 35 – 2020: High Pressure Decorative Laminates for Surfacing Food Service Equipment ................................................................. $105
NSF/ANSI 37 – 2017: Air Curtains for Entranceways in Food and Food Service Establishments ................................................................. $105
NSF/ANSI 51 – 2019: Food Equipment Materials ........................................................ $105
NSF/ANSI 52 – 2017: Supplemental Flooring ............................................................... $105
NSF/ANSI 59 – 2017: Mobile Food Carts .................................................................... $105
NSF/ANSI 169 – 2016: Special Purpose Food Equipment and Devices ........................ $105
NSF/ANSI 170 – 2019: Glossary of Food Equipment Terminology ................................ $0
Addenda to all Food Equipment Standards (each) ........................................................ $45

**Criteria and Other Food Equipment**

Installation Manual for Food Service Equipment, 7/68 ......................................................... $105

**Food Processing Equipment**

NSF/ANSI/3A 14159-3 – 2019: Hygiene Requirements for the Design of Mechanical Belt Conveyors Used in Meat and Poultry Processing Equipment ............................................................... $165
**Good Manufacturing Practices**

NSF/ANSI 455-1 – 2018: Terminology for the NSF 455 Portfolio of Standards ................................................................. $0

NSF/ANSI 455-3 – 2019: Good Manufacturing Practices for Cosmetics .................................................................................... $125

NSF/ANSI 455-4 – 2018: Good Manufacturing Practices for Over-the-Counter Drugs ............................................................. $125

**Organics**

NSF/ANSI 305 – 2016: Personal Care Products Containing Organic Ingredients ................................................................. $105

Addenda to all Organics Standards (each) ........................................................................................................................................ $45

**Pharmaceutical Excipients**

NSF/IPEC/ANSI 363 – 2019: Good Manufacturing Practices (GMP) for Pharmaceutical Excipients ........................................... $165

**Plastics and Plumbing Components**

NSF/ANSI 14 – 2019: Plastics Piping System Components and Related Materials ................................................................. $165

NSF/ANSI 24 – 2020: Plumbing System Components for Recreational Vehicles ........................................................................ $165

NSF/ANSI 358-1 – 2020: Polyethylene Pipe and Fittings for Water-Based Ground-Source “Geothermal” Heat Pump Systems ................................................................................................................................. $105

NSF/ANSI 489 – 2019: Standard Practice to Prevent Contamination in Polyethylene Gas Pressure Pipe ........................................ $105

Addenda to all Plastics and Plumbing Components Standards (each) ................................................................................................. $45

**Public Drinking Water Equipment Performance**

NSF/ANSI 419 – 2018: Public Drinking Water Equipment Performance – Filtration ................................................................. $165

**Recreational Water Facilities**

NSF/ANSI/CAN 50 – 2019**: Equipment and Chemicals for Swimming Pools, Spas, Hot Tubs and Other Recreational Water Facilities ................................................................................................................................. $165

Addenda to all Recreational Water Facilities Standards (each) ................................................................................................. $45

**Residential Equipment**

NSF/ANSI 184 – 2019: Residential Dishwashers ................................................................................................................................. $105

**This Standard is also available in a French translation.**
**Sustainability**

NSF/ANSI 140 – 2019: Sustainability Assessment for Carpet ................................................................. $105
NSF/ANSI 332 – 2015: Sustainability Assessment for Resilient Floor Coverings ............................................. $105
NSF/ANSI 336 – 2018: Sustainability Assessment for Commercial Furnishings Fabric .................................... $105
NSF/GCI/ANSI 355 – 2011: Greener chemicals and Processes Information ................................................... $165
NSF/AWWA/ANSI 375 – 2020: Sustainability Assessment for Water Contact Products ....................................... $105
NSF/ANSI 391.1 – 2019: General Sustainability Standard for Professional Services ........................................ $105
NSF/AWWA/ANSI 416 – 2017: Sustainability Assessment for Water Treatment Chemical Products ....................... $105
NSF/ANSI 457 – 2019: Sustainability Leadership Standard for Photovoltaic Modules and Photovoltaic Inverters...... $105

**Wastewater Treatment Units**

NSF/ANSI 40 – 2019: Residential Wastewater Treatment Systems ............................................................... $105
NSF/ANSI 41 – 2018: Non-Liquid Saturated Treatment Systems (Composting Toilets) ....................................... $105
NSF/ANSI 46 – 2020: Evaluation of Components and Devices Used in Wastewater Treatment Systems .............. $105
NSF/ANSI 240 – 2017: Drainfield Trench Product Sizing for Gravity Dispersal Onsite Wastewater Treatment and Dispersal Systems ................................................................. $105
NSF/ANSI 350-1 – 2017: Onsite Residential and Commercial Greywater Treatment Systems for Subsurface Discharge ........................................................................................................... $105
NSF/ANSI 360 – 2019: Wastewater Treatment Systems – Field Performance Verification ...................................... $105
NSF/ANSI 385 – 2019: Disinfection Mechanics ............................................................................................... $105

**Water Treatment Units**

NSF/ANSI 177 – 2019: Shower Filtration Systems – Aesthetic Effects ................................................................. $165

**Sets**

Complete: All current NSF Standards and Criteria (excluding ISO 9000 and 14000 Series and EMS Standards) ................................................................................................................................. $4,990

Food Equipment: Standards 2-8, 12, 13, 18, 20, 21, 25, 29, 35, 37, 51, 52, 59, 169, 170 ................................................. $1,890

Food Processing Equipment: Standards 14159-1, 14159-2, and 14159-3 ................................................................. $445

Drinking Water Treatment Units: Standards 42, 44, 53, 55, 58, 62, 244, 330, and 401 .............................................. $1188

Drinking Water Additives: Standards 60, 61, and 600 ................................................................................................. $585
Historical Documents

Please note that after an NSF/ANSI document has been superseded, it becomes a historical document and sells for $55 more than list price. So, $105 documents will be $160; $165 documents will be $220; and $325 documents will be $380.
