Biosafety Cabinetry

NSF/ANSI 49 – 2018: Biosafety Cabinetry: Design, Construction, Performance, and Field Certification................................. $165
Addenda to all Biosafety Cabinetry Standards (each) ........................................................................................................ $45

Dietary Supplements

NSF/ANSI 173 – 2019: Dietary Supplements ................................................................................................................... $165
NSF/ANSI 321 – 2016: Goldenseal Root (Hydrastis canadensis) ........................................................................................ $25
Addenda to all Dietary Supplements Standards (each) .......................................................................................................... $45

Drinking Water Additives

NSF/ANSI/CAN 60 – 2019*: Drinking Water Treatment Chemicals – Health Effects .................................................... $325
(NSF/ANSI/CAN 600 is included in the purchase price of NSF/ANSI/CAN 60 or NSF/ANSI/CAN 61)
NSF/ANSI 223 – 2015: Conformity Assessment Requirements for Certification Bodies that Certify Products Pursuant to NSF/ANSI 60: Drinking Water Treatment Chemicals – Health Effects .............................................................. $55
NSF/ANSI 372 – 2016: Drinking Water System Components – Lead Content ........................................................................... $55
Addenda to all DWA Standards (each) ................................................................................................................................. $45

Drinking Water Treatment Units

NSF/ANSI 42 – 2019: Drinking Water Treatment Units – Aesthetic Effects ............................................................................. $165
NSF/ANSI 44 – 2018: Residential Cation Exchange Water Softeners ........................................................................................ $165
NSF/ANSI 53 – 2019: Drinking Water Treatment Units – Health Effects ................................................................................. $165
NSF/ANSI 55 – 2019: Ultraviolet Microbiological Water Treatment Systems ........................................................................... $165
NSF/ANSI 58 – 2019: Reverse Osmosis Drinking Water Treatment Systems ........................................................................... $165
NSF/ANSI 62 – 2018: Drinking Water Distillation Systems ...................................................................................................... $165
NSF/ANSI 244 – 2019: Drinking Water Treatment Units – Supplemental Microbiological Water Treatment Systems – Filtration ........................................................................................................................................ $165
NSF/ANSI 330 – 2019: Glossary of Drinking Water Treatment Unit Terminology ........................................................................ $0
NSF/ANSI 401 – 2018: Drinking Water Treatment Units – Emerging Compounds / Incidental Contaminants ..................... $165
Addenda to all Drinking Water Treatment Units Standards (each) ........................................................................................ $45

** This Standard is also available in a French translation.

Good Manufacturing Practices

NSF/ANSI 455-1 – 2018: Terminology for the NSF 455 Portfolio of Standards ................................................................. $0
NSF/ANSI 455-4 – 2018: Good Manufacturing Practices for Over-the-Counter Drugs ................................................... $125

Organics

NSF/ANSI 305 – 2016: Personal Care Products Containing Organic Ingredients ............................................................... $105
Addenda to all Organics Standards (each) ........................................................................................................................................ $45

Pharmaceutical Excipients

Plastics and Plumbing Components

NSF/ANSI 14 – 2019: Plastics Piping System Components and Related Materials ............................................................. $165
NSF/ANSI 24 – 2016: Plumbing System Components for Recreational Vehicles ............................................................ $165
NSF/ANSI 489 – 2019: Standard Practice to Prevent Contamination in Polyethylene Gas Pressure Pipe ...................... $105
Addenda to all Plastics and Plumbing Components Standards (each) ................................................................................ $45

Public Drinking Water Equipment Performance

Recreational Water Facilities

NSF/ANSI/CAN 50 – 2019**: Equipment and Chemicals for Swimming Pools, Spas, Hot Tubs and Other Recreational Water Facilities .................................................................................................................. $165
Addenda to all Recreational Water Facilities Standards (each) ........................................................................................ $45

Residential Equipment

NSF/ANSI 184 – 2019: Residential Dishwashers .................................................................................................................... $105

** This Standard is also available in a French translation.
Sustainability

**NSF/ANSI 140 – 2019**: Sustainability Assessment for Carpet ................................................................. $105
**NSF/ANSI 332 – 2015**: Sustainability Assessment for Resilient Floor Coverings ........................................ $105
**NSF/ANSI 336 – 2018**: Sustainability Assessment for Commercial Furnishings Fabric ................................ $105
**NSF/ANSI 342 – 2019**: Sustainability Assessment for Wallcovering Products ........................................ $105
**NSF/GCI/ANSI 355 – 2011**: Greener chemicals and Processes Information .................................................... $165
**NSF/AWWA/ANSI 375 – 2016**: Sustainability Assessment for Water Contact Products ................................ $105
**NSF/ANSI 391.1 – 2019**: General Sustainability Standard for Professional Services ........................................... $105
**NSF/AWWA/ANSI 416 – 2017**: Sustainability Assessment for Water Treatment Chemical Products ............... $105
**NSF/ANSI 426 – 2019**: Environmental Leadership and Corporate Social Responsibility Assessment of Servers ....... $105
**NSF/ANSI 457 – 2019**: Sustainability Leadership Standard for Photovoltaic Modules and Photovoltaic Inverters .... $105

Wastewater Treatment Units

**NSF/ANSI 40 – 2019**: Residential Wastewater Treatment Systems ............................................................. $105
**NSF/ANSI 41 – 2018**: Non-Liquid Saturated Treatment Systems (Composting Toilets) ......................................... $105
**NSF/ANSI 46 – 2018**: Evaluation of Components and Devices Used in Wastewater Treatment Systems ............. $105
**NSF/ANSI 240 – 2017**: Drainfield Trench Product Sizing for Gravity Dispersal Onsite Wastewater Treatment and Dispersal Systems .................................................................................................................. $105
**NSF/ANSI 245 – 2019**: Wastewater Treatment Systems – Nitrogen Reduction .................................................. $105
**NSF/ANSI 350 – 2019**: Onsite Residential and Commercial Greywater Treatment Systems for Subsurface Discharge .................................................................................................................................................. $105
**NSF/ANSI 350-1 – 2017**: Onsite Residential and Commercial Water Reuse Treatment Systems ......................... $105
**NSF/ANSI 360 – 2019**: Wastewater Treatment Systems – Field Performance Verification ..................................... $105
**NSF/ANSI 385 – 2019**: Disinfection Mechanics .................................................................................................. $105
**NSF/ANSI 418 – 2014 (r2019)**: Wastewater Treatment Systems – Effluent Filters Field Longevity Testing ............. $105

Water Treatment Units

**NSF/ANSI 177 – 2019**: Shower Filtration Systems – Aesthetic Effects ............................................................ $165

Sets

**Complete**: All current NSF Standards and Criteria (excluding ISO 9000 and 14000 Series and EMS Standards) .................................................................................................................................................. $4,990
**Food Equipment**: Standards 2-8, 12, 13, 18, 20, 21, 25, 29, 35, 37, 51, 52, 59, 169, 170 .................................................... $1,890
**Food Processing Equipment**: Standards 14159-1, 14159-2, and 14159-3 ............................................................... $445
**Drinking Water Treatment Units**: Standards 42, 44, 53, 55, 58, 62, 244, 330, and 401 .................................................. $1188
**Drinking Water Additives**: Standards 60, 61, and 600 .............................................................................................. $585
Historical Documents

Please note that after an NSF/ANSI document has been superseded, it becomes a historical document and sells for $55 more than list price. So, $105 documents will be $160; $165 documents will be $220; and $325 documents will be $380.
