**Biosafety Cabinetry**

Addenda to all Biosafety Cabinetry Standards (each) ....................................................................................................................................... $45

**Dietary Supplements**

NSF/ANSI 173 – 2019: Dietary Supplements ................................................................................................................................. $165

NSF/ANSI 321 – 2016: Goldenseal Root (*Hydrastis canadensis*) .............................................................................................................. $25

Addenda to all Dietary Supplements Standards (each) ........................................................................................................................................ $45

**Drinking Water Additives**

NSF/ANSI/CAN 60 – 2019**: Drinking Water Treatment Chemicals – Health Effects ................................................................................. $325

(*NSF/ANSI/CAN 600 is included in the purchase price of NSF/ANSI/CAN 60 or NSF/ANSI/CAN 61*)

NSF/ANSI 223 – 2015: Conformity Assessment Requirements for Certification Bodies that Certify Products Pursuant to NSF/ANSI 60: Drinking Water Treatment Chemicals – Health Effects ........................................................................................................ $55

NSF/ANSI 372 – 2016: Drinking Water System Components – Lead Content .................................................................................................... $55

Addenda to all DWA Standards (each) ............................................................................................................................................................. $45

**Drinking Water Treatment Units**

NSF/ANSI 42 – 2019: Drinking Water Treatment Units – Aesthetic Effects ........................................................................................................ $165

NSF/ANSI 44 – 2018: Residential Cation Exchange Water Softeners ............................................................................................................. $165

NSF/ANSI 53 – 2019: Drinking Water Treatment Units – Health Effects ........................................................................................................ $165

NSF/ANSI 55 – 2019: Ultraviolet Microbiological Water Treatment Systems ................................................................................................... $165

NSF/ANSI 58 – 2019: Reverse Osmosis Drinking Water Treatment Systems .................................................................................................... $165

NSF/ANSI 62 – 2019: Drinking Water Distillation Systems ......................................................................................................................... $165

NSF/ANSI 244 – 2019: Drinking Water Treatment Units – Supplemental Microbiological Water Treatment Systems – Filtration ......................................................................................................................... $165

NSF/ANSI 330 – 2019: Glossary of Drinking Water Treatment Unit Terminology ................................................................................................. $0

NSF/ANSI 401 – 2019: Drinking Water Treatment Units – Emerging Compounds / Incidental Contaminants ........................................................................ $165

Addenda to all Drinking Water Treatment Units Standards (each) .............................................................................................................. $45

**This Standard is also available in a French translation.**

**Good Manufacturing Practices**

NSF/ANSI 455-1 – 2018: Terminology for the NSF 455 Portfolio of Standards ................................................................. $0

NSF/ANSI 455-3 – 2019: Good Manufacturing Practices for Cosmetics ................................................................................ $125

NSF/ANSI 455-4 – 2018: Good Manufacturing Practices for Over-the-Counter Drugs .......................................................... $125

**Organics**

NSF/ANSI 305 – 2016: Personal Care Products Containing Organic Ingredients ............................................................... $105

Addenda to all Organics Standards (each) ......................................................................................................................... $45

**Pharmaceutical Excipients**

NSF/IEC/ANSI 363 – 2019: Good Manufacturing Practices (GMP) for Pharmaceutical Excipients ........................................... $165

**Plastics and Plumbing Components**

NSF/ANSI 14 – 2019: Plastics Piping System Components and Related Materials ................................................................. $165

NSF/ANSI 24 – 2016: Plumbing System Components for Recreational Vehicles ................................................................. $165

NSF/ANSI 358-1 – 2020: Polyethylene Pipe and Fittings for Water-Based Ground-Source “Geothermal” Heat Pump Systems ........................................................................................................................................ $105

NSF/ANSI 489 – 2019: Standard Practice to Prevent Contamination in Polyethylene Gas Pressure Pipe ................................... $105

Addenda to all Plastics and Plumbing Components Standards (each) .................................................................................. $45

**Public Drinking Water Equipment Performance**

NSF/ANSI 419 – 2018: Public Drinking Water Equipment Performance – Filtration ................................................................. $165

**Recreational Water Facilities**

NSF/ANSI/CAN 50 – 2019**: Equipment and Chemicals for Swimming Pools, Spas, Hot Tubs and Other Recreational Water Facilities ........................................................................................................................................ $165

Addenda to all Recreational Water Facilities Standards (each) .............................................................................................. $45

**Residential Equipment**

NSF/ANSI 184 – 2019: Residential Dishwashers .................................................................................................................. $105

**This Standard is also available in a French translation.**
Sustainability

NSF/ANSI 140 – 2019: Sustainability Assessment for Carpet ................................................................. $105
NSF/ANSI 332 – 2015: Sustainability Assessment for Resilient Floor Coverings ....................................... $105
NSF/ANSI 336 – 2018: Sustainability Assessment for Commercial Furnishings Fabric ............................ $105
NSF/ANSI 342 – 2019: Sustainability Assessment for Wallcovering Products ........................................... $105
NSF/GCI/ANSI 355 – 2011: Greener chemicals and Processes Information ................................................ $165
NSF/AWWA/ANSI 375 – 2016: Sustainability Assessment for Water Contact Products .............................. $105
NSF/ANSI 391.1 – 2019: General Sustainability Standard for Professional Services .................................... $105
NSF/AWWA/ANSI 416 – 2017: Sustainability Assessment for Water Treatment Chemical Products ............. $105
NSF/ANSI 426 – 2019: Environmental Leadership and Corporate Social Responsibility Assessment of Servers $105
NSF/ANSI 457 – 2019: Sustainability Leadership Standard for Photovoltaic Modules and Photovoltaic Inverters $105

Wastewater Treatment Units

NSF/ANSI 40 – 2019: Residential Wastewater Treatment Systems ........................................................ $105
NSF/ANSI 41 – 2018: Non-Liquid Saturated Treatment Systems (Composting Toilets) ............................. $105
NSF/ANSI 46 – 2018: Evaluation of Components and Devices Used in Wastewater Treatment Systems ........ $105
NSF/ANSI 240 – 2017: Drainfield Trench Product Sizing for Gravity Dispersal Onsite Wastewater Treatment and Dispersal Systems ........................................................................................................ $105
NSF/ANSI 350-1 – 2017: Onsite Residential and Commercial Greywater Treatment Systems for Subsurface Discharge ............................................................................................................................ $105
NSF/ANSI 360 – 2019: Wastewater Treatment Systems – Field Performance Verification ............................ $105
NSF/ANSI 385 – 2019: Disinfection Mechanics ....................................................................................... $105

Water Treatment Units

Sets

Complete: All current NSF Standards and Criteria (excluding ISO 9000 and 14000 Series and EMS Standards) ........................................................................................................................................ $4,990
Food Equipment: Standards 2-8, 12, 13, 18, 20, 21, 25, 29, 35, 37, 51, 52, 59, 169, 170 ............................................. $1,890
Food Processing Equipment: Standards 14159-1, 14159-2, and 14159-3 ......................................................... $445
Drinking Water Treatment Units: Standards 42, 44, 53, 55, 58, 62, 244, 330, and 401 ................................. $1188
Drinking Water Additives: Standards 60, 61, and 600 ....................................................................................... $585

Historical Documents

Please note that after an NSF/ANSI document has been superseded, it becomes a historical document and sells for $55 more than list price. So, $105 documents will be $160; $165 documents will be $220; and $325 documents will be $380.
